

MEADOWGATE

Quarterly Email Newsletter, January 2021

NEW LOOK

It's a new year and new look for Meadowgate. Welcome to our new newsletter format - we hope you enjoy the updates and snapshots of life on the farm. Zendaya sends her love!

SPONSORS

We are excited to share that we now have sponsors in 12 states, including VA, PA, CT, NJ, MA, MD, WI, OH, CA, NC, NY, and OR. Sponsors are a special extension of our family - thank you for supporting our farm in this way!

FARM VISITS

This year, Meadowgate was honored to welcome people to meet our alpacas in record numbers. Over 100 private visits allowed new friends to learn about our farm in a COVID-safe environment. We hope you had fun!

WORLDWIDE ZOOM

If you had told us back in January of 2020 that we would be included in Zoom calls across the US and Internationally, we would have laughed. To date, Meadowgate has appeared in England, Ireland, Canada, Costa Rica, and India as well as throughout the US. Major broadcasting, financial, publishing, and technology corporations have involved Meadowgate to give their team members a boost in spirit. Alpacas have a universal appeal!!

NEW CREW

Every year we are fortunate to add new herd members to our farm and this year was no exception. Ayla, Andi, Mary, Rose, Bianca, and Dreamcatcher all found their family here. Check out social media to meet cria Lively, Tux and Ace too!

THANK YOU

2020 was a challenging year but we were gifted the joy of meeting new friends through Zoom, farm visits, sponsorships, new clients, farmer's markets, and photo sessions. From our hearts, thank you for your ongoing support. Hope to see you in 2021
